

# Caring for pets

1

**Pets need to be cared for in a special way.**

2

**I use gentle hands when touching or playing with my pet.**

3

**I never kick my pet or pull its tail. This can hurt my pet and make them angry.**

4

**I like to help feed my pet. My pet only eats special food for animals.**

5

**I leave my pet alone when they are sleeping or eating. We can play together when they are finished.**

6

**If my pet is bothering me, I walk away and tell an adult.**

**My pet loves me and is happy when I am kind to them.**
