

When my transport to school changes

- 1.** I used to go to school by bus with all the other pupils.

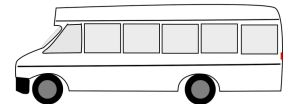

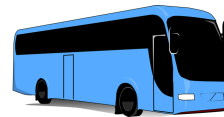

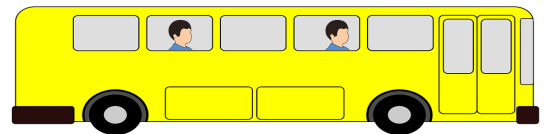

- 2.** When coronavirus came, I had to stay at home for a long time.

- 3.** When I go back to school I might get the same bus but everyone will have to sit apart.

- 4.** There might be less people on the bus.

Or I might have to go to school on a different bus with less people.

- 5.** Or I might have to go to school in a car.

- 6.** I will get to school safely and go home at the end of the day to see my family.
