

# Shoe box activity

## Monkey and bananas task analysis

### 1. Select materials

- Shoe box with a pre-cut slot
- Secure base
- Pictures or items (monkey and bananas)
- Velcro or blue tac

## 2. Assemble

- Take the secure base, using Velcro or blue tac place the bananas on the left side.
- Stick the monkey on the shoe box lid above the slot.
- Using Velcro or blue tac place the shoe box on the right side on secure base.

### 3. The activity

- the child or young person will remove each banana and post it through the slot at the monkey.
- when all the bananas are posted the activity is completed.

**NB** always remember to work **left** to **right** or **top** to **bottom**
