

Structuring a colouring in task

You will need:

- . colouring sheet
- . exact number of colouring pencils/crayons needed for the task
- . stable base to assemble task on
- . Blue tac or Velcro

How to make:

- . put a colour mark on the areas of the colouring sheet
- . secure the pencil/crayon with blue tac or Velcro on the left side of the concrete base
- . continue until all colouring pencils/crayons are secure on the base
- . place the colouring sheet on the right side of the base and secure with blue tac

Remember:

- . always work left to right or
- . top to bottom
- . this level of structure can be changed or adapted to other activities or
- . to meet individual needs
