

# Going for a hair cut

My hair is very long. It is time for a hair cut.

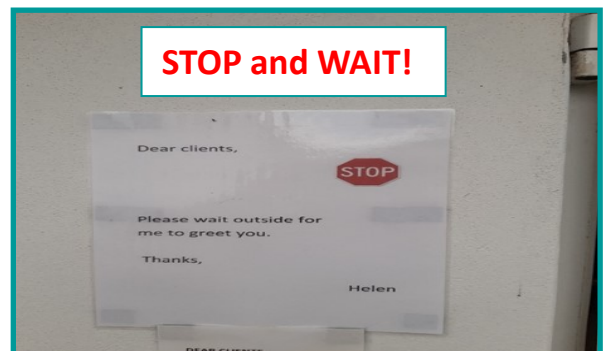

The hairdresser is open again.  
I like to see my hairdresser, Kate.

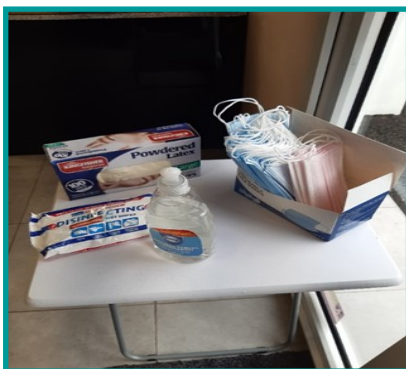

Some things are different when I go to the hairdresser because there are still germs around.

I will wait until Kate comes to the door to let me in.

If I want to wear a mask I can, but if I don't this is ok!

I can use the hand soap.

I will try to keep my hands from touching anything I don't need to touch when I am in the hairdressers.

# Going for a hair cut

Kate will put on my cape and I will get my haircut.

Kate wears a mask and a visor to keep the germs away.

Kate will set the timer for 15 minutes and then I will be finished.

Kate will blow away all the hairs.

I can look at my photo book when I am getting my hair cut.

It will feel nice when my hair is shorter.

I will say goodbye to Kate and go to the car.

I will see Kate the next time I get my hair cut.
