

WEEKLY COVID-19 TESTING

It is so good to be back to school, and as senior pupils, it is important that we do our best to stop the spread of Covid-19 in our schools.

1

Our schoolteachers and principal have asked us to complete weekly Covid testing before we return to school each week.

2

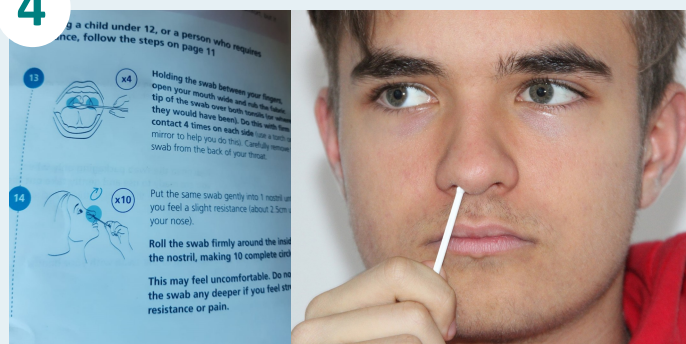

These weekly tests will help us screen for Covid-19 spreading in the school community.

3

A test kit will be given to us by our school.

4

The instruction in the kits is visually presented.

5

Our parent/caregiver will help us use the kit and follow all the instructions.

6

This will be a great help in stopping the spread of Covid-19 among our friends and teachers and in the wider community.

WELL DONE FOR PLAYING YOUR PART IN STOPPING THE SPREAD OF COVID-19
